### 1999 Design secrets of the Pros article | Presentations, Magazine

I was featured as one of the 10 Pros in their Design secrets of the Pros article. My section outlined how I created an instructional interactive CD-rom with voiceover, using Microsoft PowerPoint.

## QUOTABLES

“Dave brings a keen and studied perspective to all interactions and is always open to new ideas and unique points of view. He is very personable, conscientious, works well in a team environment and takes management and client feedback to heart. Dave's clear love of design, makes him uniquely qualified to appreciate the power of design to inspire and affect the world around us. He considers every component of his design work carefully and takes great pride in even the smallest of details.”

Daniel Kuetemeyer | Creative Director/Partner | Night Kitchen Interactive

“Dave has always added value, no matter what skill set was needed...Dave does not give up easily. When tasked with a new challenge he researches and learns everything he can.”

Molly Auer | Associate VP/Group Account Director – Interactive | The Star Group

“He is truly an asset to our department... Dave is part of a team where demands are high and resources are low. With a limited number of designers on staff and a long list of requests, flexibility is key. Dave consistently exhibits a positive outlook and willingness to assume whatever tasks need the utmost graphic attention.”

Molly Blessington | Graphic Design Manager | KidsHealth.org

“Dave is one of those rare people who responds well to every challenge. Give him a job, and he'll find a way to get that job done.” ~ “...as an artist, he is highly creative and expert at his craft...” ~ “...that portfolio however, cannot show Dave's personal dedication, his natural people skills, his highly developed work ethic or his open and friendly personality.”

John McKelvie | Director of Marketing | Inductotherm Corporation
